The Shire of Kojonup has a set of six guiding principles it uses when making decisions. These principles are checked and enhanced every two years in line with the Strategic Community Plan review schedule.

#### AGENDA

## 1 DECLARATION OF OPENING AND ANNOUNCEMENT OF GUESTS

The Shire President shall declare the meeting open at\_\_\_\_\_ and draw the meeting's attention to the disclaimer below:

#### Disclaimer

No person should rely on or act on the basis of any advice or information provided by a Member or Officer, or on the content of any discussion occurring, during the course of the meeting.

The Shire of Kojonup expressly disclaims liability for any loss or damage suffered by any person as a result of relying on or acting on the basis of any advice or information provided by a member or officer, or the content of any discussion occurring, during the course of the meeting.

Where an application for an approval, a license or the like is discussed or determined during the meeting, the Shire warns that neither the applicant, nor any other person or body, should rely upon that discussion or determination until written notice of either an approval and the conditions which relate to it, or the refusal of the application has been issued by the Shire.

#### Acknowledgement of Country

The Shire of Kojonup acknowledges the first nations people of Australia as the Traditional custodians of this land and in particular the Keneang people of the Noongar nation upon whose land we meet.

We pay our respect to their Elders past, present and emerging.

# Prayer – Cr Gale

Gracious Father, we acknowledge you as our Maker and Judge. We ask for wisdom for our reigning monarch Queen Elizabeth. Grant to her good health and strength in the executing of her duties.

We pray for all Ministers and Cabinet members of the Australian Federal and State Government. Grant to them wisdom in the welfare of Australia, so that truth and justice is established for all Australians.

Lastly Gracious Father, we pray for ourselves. We ask that you might grant to us the ability to speak with integrity and to work with uncompromising diligence. Grant to us the wisdom to make good decisions, remembering that we are one community. Grant to us the good humour to keep things in perspective in a community that is a diverse population.

We ask that we might always be mindful of the safety and welfare of the people of Kojonup. Grant to all who serve on public committees the ability to listen and work together with mutual respect for one another. Bless us with the personal joy of knowing that we have done our best.

#### SUMMARY

The purpose of this report is to adopt the list of fees and charges for the 2022/2023 financial year.

# BACKGROUND

The Council is required by the *Local Government Act 1995 (Act)* to adopt a list of fees and charges annually.

The draft list of fees and charges has undergone a review by all relevant staff, as well as Councillors at the 17 May 2022 Councillors' Briefing Session.

# COMMENT

Comparative figures are shown in the list of fees and charges with the previous two financial years to enable changes to be easily identified; a contents page has been included to improve navigation within the document.

#### CONSULTATION

All relevant staff have been given the opportunity to provide input. A review was also conducted by Councillors at the 17 May 2022 Briefing Session.

#### STATUTORY REQUIREMENTS

Section 6.15 to 6.19 of the *Local Government Act 1995* legislates the imposition of fees and charges for a local government. Section 6.19 of this *Act* requires a local government to advertise the imposition of fees and charges that are not included in the annual budget. This item is being completed in conjunction with the adoption of the annual budget and, therefore, advertising is not required.

Some fees are adopted under, or provided by, other legislation, such as:

- Dog Act 1976
- *Health (Miscellaneous Provisions) Act 1911*
- Cemeteries Act 1986
- Waste Avoidance and Resources Recovery Act 2007
- Building Act 2011

#### POLICY IMPLICATIONS

Nil

#### FINANCIAL IMPLICATIONS

The list of fees and charges, when adopted, sets the level of many revenue items contained within the budget. Significant consideration needs to be given when setting each fee and charge and the effect that it will have on the usage of that facility and, therefore, the total revenue level obtained. For example, simply doubling a fee may not double the revenue, as the number of 'sales' may be affected by increased prices.

#### RISK MANAGEMENT IMPLICATIONS

#### IMPLICATIONS

Inadequate income from Fees and Charges and Rent affects the budget position regarding building maintenance and renewal as costs are continually increasing. This will in turn affect the Shire of Kojonup's ability to continue with any planned maintenance or upgrades to the facilities the income would have supported.

A thorough and complete list of fees and charges assists with legislative compliance and ensures the generation of adequate revenue.

## ASSET MANAGEMENT IMPLICATIONS

An appropriate list of fees and charges can assist to fund the required asset management activities.

# SUMMARY

The purpose of this report is to set the property rates and associated conditions for the 2022/2023 financial year.

# BACKGROUND

Property rates are the primary income source for most local governments in WA. This agenda item sets the rating levels and associated parameters based on the *Local Government Act 1995* (*Act*) and the Shire of Kojonup's previous practices.

All recommendations contained within this report are consistent with previous years' practices, with the exception of:

- The maximum penalty interest charge allowable under the *Act* for the non-payment of rates has been reduced by the State Government from 8% to 7%.; and
- It is proposed that the rates incentive prize draw that was introduced in 2021/2022 to encourage timely payment and, therefore, assist with the debtor collections requirements and cash flow (refer to item 9.3.9 in this agenda) be continued.

# COMMENT

#### Level of Rates/Calculation

There are several different methods available for rating within local government in WA. These include:

- General based on valuation type;
- Differential based on different land uses or zoning;
- Specified Area rates definable area for facilities such as sewerage rates;
- Service Charges As defined by the *Act*; or

• Voluntary levies – such as a landcare levy

The Shire of Kojonup rates are based on the first dot point 'General' rates and a rate in the dollar is set for both valuation types. In the 2022/2023 financial year, 23% of rates raised were from properties on a gross rental valuation (GRV) (predominately within the townsite), and 77% unimproved valuation (UV) (rural).

The draft 2022/2023 Annual Budget has been prepared based on a 5% proposed rate increase for GRV and a 7% increase on UV, following on from a 5% change in the 2021/2022 draft budget and a 0% in 2020/2021 due to COVID-19 recovery efforts. As a reference point, 1.0%, of rates represents an additional \$42,411 of revenue which is minimal when comparing the additional cost of doing business with the rising costs. Management has, therefore, worked hard to find additional operating efficiencies elsewhere to balance the budget.

All unimproved values (UV) and gross rental values (GRV) have been revalued by the Valuer General's Office in accordance with relevant statutory legislation and have increased approximately 16% in total. As always, individual properties are likely to receive a greater variance (both increased and decreased) than the 16% average, creating unavoidable inequities between properties. This is beyond the Shire's control and anyone in this situation is encouraged by Shire staff to contact the Valuer General's Office.

It is proposed that the minimum rate of \$750 from last year be increased to \$780 to ensure all rate payers contribute equitably.

# Instalments:

It is recommended that the Council continue to offer the following three (3) payment options as in previous years:

- 1. To pay the total rates and charges included on the rate notice in full by the 35th day after the date of issue of the rates notice (this option defined by legislation); or
- 2. To pay by two equal instalments. The first instalment will be due on the 35th day after the date of issue of the rates notice and the second instalment four calendar months after this date; or
- 3. To pay by four equal instalments. The first instalment will be due on the 35th day after the date of issue of the rates notice and the remainder at two calendar month intervals after this date.

# Instalment Fee:

It is recommended that an instalment fee of \$9.00 be charged for each instalment reminder issued after the first instalment is paid. This is the same as that charged in at least the ten previous financial years and covers postage, printing and handling of reminder notices.

# Interest on Instalments:

It is recommended that the maximum allowable interest rate of 5.5% per annum be applied to instalment payments, unless deemed to be suffering financial hardship in accordance with Council Policy 2.1.12. Again, this is consistent with the previous year's charges and statutory requirements, with the exception of the Financial Hardship Policy 2.1.12 which was adopted in 2020 as a response to the COVID-19 pandemic.

Late Payment Penalty Interest:

It is recommended that the Council adopt a late payment penalty interest of 7% per annum. It is proposed that the late payment penalty interest will apply to rates that remain unpaid where no election was made to pay the rate by instalments and on overdue instalment payments where an election was made to pay by instalments. This charge has been reduced from 8% and 11% due to changes to legislation.

# CONSULTATION

Setting the rating levels for 2022/2023 has been discussed at Council briefing sessions and senior management team meetings. All other rating parameters are as per previous years except where indicated above.

#### STATUTORY REQUIREMENTS

Section 6.25 to 6.82 of the *Local Government Act 1995* and Sections 52 to 78 of the *Local Government (Financial Management) Regulations 1996* relate to property rating requirements and procedures.

Clause 7-14 of the *Local Government (COVID-19 Response) Ministerial Order 2020* has modified sections 6.2, 6.13, 6.33, 6.34, 6.35, 6.36, 6.45 and 6.51 of the *Act* which relate to adopting the budget and/or setting rates.

#### POLICY IMPLICATIONS

Policy 2.1.12 Financial Hardship relates to the setting of instalment interest and was adopted as a result of the Shire's COVID-19 recovery efforts.

#### FINANCIAL IMPLICATIONS

The property rates proposed have been established on the basis of delivering a balanced budget and in accordance with the goals set in *SMART Implementation* and the adopted Long Term Financial Plan of the Shire. The rate set considers the limiting revenue options encountered last financial year due to the Council's COVID-19 stimulus programs.

#### **RISK MANAGEMENT IMPLICATIONS**

A control measure to raise rate revenue to offset budget expenditure as listed in the 2022/2023 budget, whilst ensuring compliance with applicable legislation.

#### ASSET MANAGEMENT IMPLICATIONS

Rating revenue assists to fund the required asset management activities in accordance with the Asset Management Plan 2017.

# OFFICER RECOMMENDATION

That:

- 1. The following rate levels be adopted for the 2022/2023 financial year:
  - a) For all rateable properties where Gross Rental Valuations are applied a rate of 13.815 cents in the dollar with a Minimum Rate of \$780 is to apply.
  - b) For all rateable properties where Unimproved Valuations are applied, a rate of 0.7420 cents in the dollar with a Minimum Rate of \$780 is to apply.
- 2. Where payments are received after the due date, penalty interest at a rate of seven percent (7%) per annum, to be calculated on a daily basis will be imposed on all outstanding rates and service charges. Pensioners who are registered in accordance with the *Rates Rebates and Deferments Act 1993* are to be exempt from this provision.
- 3. The following rate instalment payment options be offered:

Option 1 - Payment in full.

Total amount of rates and charges included on the rate notice to be paid in full by 9 September 2022.

Option 2 - Payments to be made by two (2) instalments as detailed on the rates notice, with the following dates:

First Instalment	9 September 2022
Second Instalment	16 January 2023

Option 3 - Payments to be made by four (4) instalments, as detailed on the rate notice, with the following dates:

First Instalment	9 September 2022
Second Instalment	11 November 2022
Third Instalment	16 January 2023
Fourth Instalment	22 March 2023

#### DECLARATION OF INTEREST

As a ratepayer, the author may win the draw as the selection of winners is random and all ratepayers who qualify are eligible.

#### SUMMARY

The purpose of this report is to consider conducting a Rates Incentive Prize Draw and set the terms and conditions of such a draw.

#### BACKGROUND

The Shire has previously offered a discount for the early payment of rates in full. This discount was removed for the 2020/2021 financial year with the financial constraints incurred via COVID-19 legislative changes.

In the 2021/2022 financial year Kojonup Dollars were in introduced.

#### COMMENT

The Rates Incentive Prize draw is aimed at increasing the percentage of rate accounts paid by the due date. This year those rate payers who elect to pay by instalments and have paid the 1<sup>st</sup> instalment by the due date will also be eligible. This will improve debtor collection and the Shire's cashflow.

Implementing a prize draw through the creation of *Kojonup Dollars*, which can only be redeemed at participating local businesses, will also benefit local businesses by ensuring the prize money is spent within the Kojonup economy.

Although *Kojonup Dollars* were initially created for the Rates Incentive Prize Draw, there is no reason they can't be used for other applications as well.

*Kojonup Dollars* will require the agreement of local businesses to honour them as a form of payment. Businesses will then redeem the vouchers for payment. Each *Kojonup Dollar* will be numbered individually to ensure they cannot be used multiple times. *Kojonup Dollars* will be printed in small denominations, giving recipients the ability to pay for small or large purchases as required. An expiration date of 1 June 2023 will ensure the winner has adequate time to spend the prize while the ensuring they are accounted for within the 2022/2023 financial year.

#### STATUTORY REQUIREMENTS

Section 6.46 (Discounts) of the Local Government Act 1995 states:

'Subject to the Rates and Charges (Rebates and Deferments) Act 1992, a local government may, when imposing a rate or service charge, resolve\* to grant a discount or other incentive for the early payment of any rate or service charge. \* Absolute majority required.'

#### POLICY IMPLICATIONS

Nil

#### FINANCIAL IMPLICATIONS

It is anticipated that the Rates Incentive Prize draw will increase the percentage of rates received prior to the due date, thereby greatly assisting with cash flow and collection efforts.

The provision of ten (10) \$500 *Kojonup Dollars* prizes will cost the Shire an additional \$5,000 for the financial year. This provision has been included in the draft budget.

# SUMMARY

The purpose of this report is to consider adopting the 2022/2023 Annual Budget, with or without modification.

# BACKGROUND

The Local Government Act 1995 (Act) requires each Local Government to prepare a budget each financial year. The form, manner and content of the budget are prescribed in the Act and the Local Government (Financial Management) Regulations 1996. The Council must adopt its budget by an Absolute Majority no later than 31 August in the budget year unless the Minister for Local Government has granted an extension.

The Council and its staff have been working on the components of the 2022/2023 Annual Budget since March 2022, including the consideration of the plant replacement program, road construction program, fees and charges, and property rating details. The Council briefing sessions have enabled a detailed analysis of the draft budget by Senior Management and elected members.

The previous items in this agenda have dealt with the major components in the budget and have been adopted individually to simplify the requirements of the *Local Government Act 1995*. These included the List of Fees & Charges and Property Rates.

# COMMENT

The budget has been prepared to include information required by the Local Government Act 1995, Local Government (Financial Management) Regulations 1996, Australian Accounting Standards and International Financial Reporting Standards.

The Chief Executive Officer (CEO) has prepared the following introduction to the budget:

"The 2022/23 Budget reflects a period of planning and prudent financial consolidation for the Shire of Kojonup. The Community Strategic Plan – "SMART Possibilities", with 5 Key Pillars being PLACE, CONNECTED, PERFORMANCE, PROSPERITY and DIGITAL requires a significant review and will commence in July 2022.

The Corporate Business Plan – "SMART Implementation" has come to the end of its four year period and, as a part of the aforementioned review, will be refined to reflect a new strategic pathway for the Shire of Kojonup and its communities.

Through Community consultation the Shire will focus on a new operational plan reflecting what the Shire can realistically achieve over the next four years. Sustainable growth will have to be a key feature of this new plan.

The current economic environment post COVID-19 means the Shire must now consider inflationary pressures, increases in the cost of borrowing future money and the general cost increase pressures that are materialising. The current rate setting in this budget is a fiscally responsible approach to buffer the Shire's and Community's financial volatility and sustainability through the next uncertain phase.

The economic environment we have all now entered will place pressure on the Shire both economically and socially. The Shire will undertake analysis on 'self-funding' and sustainable expenditure, the allocation of overheads and the depreciation impact on the relevant areas of the organisation.

With Federal and State governments incurring higher debt levels, it is likely that grants will be less available to fund major infrastructure projects like we have seen over the past few years.

Moving forward it is critical that we understand our workforce and Team Members requirements to work and live in a rural and regional community. Workforce & Diversity Planning is essential to Kojonup's growth.

This will form a key component of the Strategic review and allow the Council and CEO to attract the right skills and people for the future roles required to operate the Shire.

Additionally, in the current labour market, getting access to skilled workers is causing disruption and stress within the workplace. The requirement to focus on operating a 22 Bed Aged Care Facility 365 days 24/7, essential services, undertake material road maintenance and other property management and ensure compliance to regulations is essential in how the Shire creates value for the Community through a 'Community Return on Capital' (CROC). That is, the efficient use of capital the residents entrust with us to provide those services required to build a thriving community.

Contracting and supply chain interruptions have caused us to take a pause when considering which projects we follow through on over the next 12 – 24 months.

Therefore, this budget has taken a balanced approach. With minimal grant funded projects it was important to take a frugal approach to expenditure, with minimal infrastructure build and

a focus on cost management, reducing the amount of cash the Shire will transfer to reserves in the short term to be utilised on improving operations, and an increase in rates to keep ahead of inflation.

*The 2022/23 Budget focuses on:* 

- Base road construction and maintenance;
- Finishing off the heavy capital works program from the previous year, complete Netball Courts and Harrison Place Toilets;
- Focusing on investing in marketing the Kojonup 'brand' and the new Trails program, both for tourists and also as an option for people to move to and live in Kojonup;
- One Community, One Team will be a key focus in the next 12 months. As such, we will have a major focus on internal business improvement including Work Health and Safety, Management Operating Systems to improve the way we do things at the Shire, work smarter not harder, and improved performance on asset management;
- Build capability for our Team utilising technology;
- Build the Emergency Services Communication Tower; and,
- A rates increase of 5% on GRV & 7% on UV properties, taking into consideration inflation, cost of operating and the elasticity to support this increase.

#### Reserve Accounts

Reserve accounts are utilised to set aside funds for use in a future financial year for a specific use. This year's budgeted movement in reserve accounts sees the reserves reduced with nominal funds being transferred into the accounts. Along with the Plant and Equipment and Natural Resource Management reserves, a few reserves will be utilised for projects and the transfer back into the reserve accounts will be materially decreased from last year.

The main reserves withdrawn are for Plant Replacement and planning the Spring Design, Streetscape design and other major projects to ensure we have the cashflow to be "shovel ready" for future funding and any available grants.

Some reserves are expected to increase slightly but, overall, most will either remain the same or reduce in whole:

- Opening balance (1 July 2022) \$4,019,916
- Closing budgeted balance (30 June 2023) \$3,375,004

The figures above include regulatory reserves such as \$2,440,886 of cash-backed bonds paid by residents of Springhaven Lodge and Employee accrued benefits. As such, 30 June 2022 reserve accounts available for future Shire projects and statutory obligations only total \$934,118.

# <u>Loans</u>

The Council currently has several low interest bearing instruments totalling approximately \$5,262,542 at an average interest rate of 3.15%. The Council is conscious of its current debt level and managing this for a balanced approach to growth and investments. The focus for this year is to borrow prudently to fund the bushfire tower, but to reduce the overall principal over the next 12 months.

This budget 2022/23 includes the raising and servicing of new loans as follows:

- Bushfire Communications Tower (\$400K)
- Harrison Place Toilets (\$200K)

Following the raising of new loans, it is budgeted that the loan balance outstanding as at 30 June 2023 will be \$5,449,408. Further information on these loans can be seen at Note 6 of this budget.

*Councillors continue to assess, review and evaluate the strategic direction and financial management of the Shire on behalf of the Community.* 

By the Shire listening to the Community and implementing the Community vision for Kojonup everyone will begin to grow both socially, physically and spiritually adding to the many voices in the Shire.

As CEO, I recommend this budget to Council for adoption for the 2022/23 Financial Year.

Grant Thompson Chief Executive Officer 20 July 2022

# STATUTORY REQUIREMENTS

Section 6.2 of the *Local Government Act 1995* and regulations 22-33 of the *Local Government (Financial Management Regulations) 1996* legislate the requirements of the annual budget.

Section 6.2(1) of the *Local Government Act 1995* requires that prior to 31 August each year, the Council adopt a budget for its municipal fund for the proceeding financial year.

The annual budget is to incorporate:

- a) particulars of the estimated expenditure proposed to be incurred by the local government;
- b) detailed information relating to the rates and service charges which will apply to land within the district including:
  - i. the amount it is estimated will be yielded by the general rate; and
  - ii. the rate of interest (if any) to be charged by the local government on unpaid rates and service charges.
- c) the fees and charges proposed to be imposed by the local government;
- d) the particulars of borrowings and other financial accommodation proposed to be entered into by the local government;
- e) details of the amounts to be set aside in, or used from, reserve accounts and of the purpose for which they are to be set aside or used;
- f) particulars of proposed land transactions and trading undertakings (as those terms are defined in and for the purpose of section 3.59) of the local government; and such other matters as are prescribed.

# SHIRE OF KOJONUP Annual Budget

# 2022 - 2023

# INTRODUCTION BY THE CHIEF EXECUTIVE OFFICER

"The 2022/23 Budget reflects a period of planning and prudent financial consolidation for the Shire of Kojonup. The Community Strategic Plan – "SMART Possibilities", with 5 Key Pillars being PLACE, CONNECTED, PERFORMANCE, PROSPERITY and DIGITAL requires a significant review and will commence in July 2022.

The Corporate Business Plan – "SMART Implementation" has come to the end of its four year period and, as a part of

the aforementioned review, will be refined to reflect a new strategic pathway for the Shire of Kojonup and its communities.

Through Community consultation the Shire will focus on a new operational plan reflecting what the Shire can realistically achieve over the next four years. Sustainable growth will have to be a key feature of this new plan.

The current economic environment post COVID-19 means the Shire must now consider inflationary pressures, increases in the cost of borrowing future money and the general cost increase pressures that are materialising. The current rate setting in this budget is a fiscally responsible approach to buffer the Shire's and Community's financial volatility and sustainability through the next uncertain phase.

The economic environment we have all now entered will place pressure on the Shire both economically and socially. The Shire will undertake analysis on 'self-funding' and sustainable expenditure, the allocation of overheads and the depreciation impact on the relevant areas of the organisation.

With Federal and State governments incurring higher debt levels, it is likely that grants will be less available to fund major infrastructure projects like we have seen over the past few years.

Moving forward it is critical that we understand our workforce and Team Members requirements to work and live in a rural and regional community. Workforce & Diversity Planning is essential to Kojonup's growth.

This will form a key component of the Strategic review and allow the Council and CEO to attract the right skills and people for the future roles required to operate the Shire.

Additionally, in the current labour market, getting access to skilled workers is causing disruption and stress within the workplace. The requirement to focus on operating a 22 Bed Aged Care Facility 365 days 24/7, essential services, undertake material road maintenance and other property management and ensure compliance to regulations is essential in how the Shire creates value for the Community through a 'Community Return on Capital' (CROC). That is, the efficient use of capital the residents entrust with us to provide those services required to build a thriving community.

Contracting and supply chain interruptions have caused us to take a pause when considering which projects we follow through on over the next 12 - 24 months.

Therefore, this budget has taken a balanced approach. With minimal grant funded projects it was important to take a frugal approach to expenditure, with minimal infrastructure build and a focus on cost management, reducing the amount of cash the Shire will transfer to reserves in the short term to be utilised on improving operations, and an increase in rates to keep ahead of inflation.

The 2022/23 Budget focuses on:

- Base road construction and maintenance;
- Finishing off the heavy capital works program from the previous year, complete Netball Courts and Harrison Place Toilets;
- Focusing on investing in marketing the Kojonup 'brand' and the new Trails program, both for tourists and also as an option for people to move to and live in Kojonup;
- One Community, One Team will be a key focus in the next 12 months. As such, we will have a major focus on internal business improvement including Work Health and Safety, Management Operating Systems to improve the way we do things at the Shire, work smarter not harder, and improved performance on asset management;
- Build capability for our Team utilising technology;
- Build the Emergency Services Communication Tower; and,
- A rates increase of 5% on GRV & 7% on UV properties, taking into consideration inflation, cost of operating and the elasticity to support this increase.

# Reserve Accounts

Reserve accounts are utilised to set aside funds for use in a future financial year for a specific use. This year's budgeted movement in reserve accounts sees the reserves reduced with nominal funds being transferred into the accounts. Along with the Plant and Equipment and Natural Resource Management reserves, a few reserves will be utilised for projects and the transfer back into the reserve accounts will be materially decreased from last year.

The main reserves withdrawn are for Plant Replacement and planning the Spring Design, Streetscape design and other major projects to ensure we have the cashflow to be "shovel ready" for future funding and any available grants.

Some reserves are expected to increase slightly but, overall, most will either remain the same or reduce in whole:

- Opening balance (1 July 2022) \$4,019,916
- Closing budgeted balance (30 June 2023) \$3,375,004

The figures above include regulatory reserves such as \$2,440,886 of cash-backed bonds paid by residents of Springhaven Lodge and Employee accrued benefits. As such, 30 June 2022 reserve accounts available for future Shire projects and statutory obligations only total \$934,118.

# <u>Loans</u>

The Council currently has several low interest bearing instruments totalling approximately \$5,262,542 at an average interest rate of 3.15%. The Council is conscious of its current debt level and managing this for a balanced approach to growth and investments. The focus for this year is to borrow prudently to fund the bushfire tower, but to reduce the overall principal over the next 12 months.

This budget 2022/23 includes the raising and servicing of new loans as follows:

- Bushfire Communications Tower (\$400K)
- Harrison Place Toilets (\$200K)

Following the raising of new loans, it is budgeted that the loan balance outstanding as at 30 June 2023 will be \$5,449,408. Further information on these loans can be seen at Note 6 of this budget.

*Councillors continue to assess, review and evaluate the strategic direction and financial management of the Shire on behalf of the Community.* 

By the Shire listening to the Community and implementing the Community vision for Kojonup everyone will begin to grow both socially, physically and spiritually adding to the many voices in the Shire.

# FOR THE YEAR ENDED 30TH JUNE 2023

#### **BASIS OF PREPARATION**

The budget has been prepared in accordance with applicable Australian Accounting Standards (as they apply to local government and not-for-profit entities), Australian Accounting Interpretations, other authorative pronouncements of the Australian Accounting Standards Board, the *Local Government Act 1995* and accompanying regulations. Material accounting policies which have been adopted in the preparation of this budget are presented below and have been consistently applied unless stated otherwise.

Except for cash flow and rate setting information, the budget has also been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

#### THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire of Kojonup controls resources to carry on its functions have been included in the financial statements forming part of this budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 14 to the budget.

#### 2017/18 ACTUAL BALANCES

Balances shown in this budget as 2017/18 Actual are as forecast at the time of budget preparation and are subject to final adjustments.

#### **KEY TERMS AND DEFINITIONS - NATURE OR TYPE**

#### REVENUES

#### RATES

All rates levied under the *Local Government Act 1995*. Includes general, differential, specific area rates, minimum rates, interim rates, back rates, ex-gratia rates, less discounts offered. Exclude administration fees, interest on instalments, interest on arrears and service charges.

#### **SERVICE CHARGES**

Service charges imposed under Division 6 of Part 6 of the *Local Government Act 1995*. All land (other than exempt land) in the Shire of Kojonup is rated according to its Gross Rental Value (GRV) for non-rural or Unimproved Value (UV) for rural land use.

The general rates detailed for the 2022/23 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rate has been determined by the Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

### **Reason for Adjustments**

The differences between the net current assets at the end of each financial year in the rate setting statement and net current assets detailed above arise from amounts which have been excluded when calculating the budget deficiency in accordance with *Local Government* (*Financial Management*) Regulation 32 as movements for these items have been funded within the budget estimates. These differences are disclosed as adjustments above.

### SIGNIFICANT ACCOUNTING POLICIES

### **CURRENT AND NON-CURRENT CLASSIFICATION**

In the determination of whether an asset or liability is current or non-current, consideration is given to the time when each asset or liability is expected to be settled. The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire of Kojonup's operational cycle. In the case of liabilities where the Shire of Kojonup does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current even if not expected to be realised in the next 12 months except for land held for sale where it is held as non-current based on the Shire of Kojonup's intentions to release for sale.

### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Collectability of trade and other receivables is reviewed on an ongoing basis. Debts that are known to be uncollectible are written off when identified. An allowance for doubtful debts is raised when there is objective evidence that they will not be collectible.

### 2. NET CURRENT ASSETS (CONTINUED)

### SIGNIFICANT ACCOUNTING POLICIES

#### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Kojonup becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

#### PROVISIONS

Provisions are recognised when the Shire of Kojonup has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

### INVENTORIES

### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

#### Superannuation

The Shire of Kojonup contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Kojonup contributes are defined contribution plans.

### **EMPLOYEE BENEFITS**

Short-term employee benefits

Provision is made for the Shire of Kojonup's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

#### The Shire of Kojonup's obligations for

short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire of Kojonup's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

### LAND HELD FOR RESALE

Land held for development and sale is valued Fair Value and was last revalued at 30 June 2017.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

Land held for sale is classified as current except where it is held as non-current based on Council's intentions to release for sale.

### **3. RECONCILIATION OF CASH**

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

#### CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 2 - Net Current Assets.

### SIGNIFICANT ACCOUNTING POLICIES

#### DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in profit or loss in the period which they arise.

#### **DEPRECIATION (CONTINUED)**

Major depreciation periods used for each class of depreciable asset are: Buildings - non-specialised 30 - 50 years Buildings - specialised 30 - 50 years Furniture and equipment 4 - 10 years Plant and equipment 5 - 15 years Tools 4 - 10 years Infrastructure - Roads 12 - 50 years Infrastructure - Kerbing 20 - 100 years

#### SIGNIFICANT ACCOUNTING POLICIES

#### **BORROWING COSTS**

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

#### SIGNIFICANT ACCOUNTING POLICIES LEASES

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire of Kojonup are classified as finance leases.

Finance leases are capitalised, recording an asset and a liability at the lower amounts equal to the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period. Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease payments for operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

### **11. MAJOR LAND TRANSACTIONS**

It is not anticipated any land transactions or major land transactions will occur in 2022/23.

### 12. TRADING UNDERTAKINGS AND MAJOR TRADING UNDERTAKINGS

It is not anticipated any trading undertakings or major trading undertakings will occur in 2022/23.

### **13. INTERESTS IN JOINT ARRANGEMENTS**

In 1998/1999, the Shire in conjunction with Homeswest, constructed 2 two bedroom units for low income residents in the Kojonup townsite. In 2002, an additional three units were constructed. The Shire's equity in / contribution to these units at the time of construction was as follows:

- 2 x Two Bedroom Units	Shire of Kojonup Homeswest	\$ \$	48,197 216,839	18.2% 81.8%
		\$	265,036	100.0%
- 2 x Two Bedroom Units &	Shire of Kojonup	\$	89,560	20.65%
1 x Three Bedroom Unit	Homeswest	\$	344,217	79.35%
		\$	433,777	100.00%

These units were revalued using a fair value basis as at 30 June 2017 at \$841,500.

### SIGNIFICANT ACCOUNTING POLICIES

**INTERESTS IN JOINT ARRANGEMENTS** Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint venture entities providing joint venturers with an interest to net assets are classified as a joint venture and accounted for using the equity method.

Joint venture operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire of Kojonup's interests in the assets liabilities revenue and expenses of joint operations are included in the respective line items of the financial statements.

### 14. TRUST FUNDS

Funds held at balance date over which the local government has no control and which are not included in the financial statements are as follows:

Estimated

Detail	Balance 30-Jun-22	Estimated amounts received	Estimated amounts paid	Estimated balance 30-Jun-23
	\$	\$	(\$)	\$

# 15. SIGNIFICANT ACCOUNTING POLICIES - OTHER INFORMATION

### GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

#### **CRITICAL ACCOUNTING ESTIMATES**

The preparation of a budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

#### **ROUNDING OFF FIGURES**

All figures shown in this statement are rounded to the nearest dollar.

### **COMPARATIVE FIGURES**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current budget year.

#### **BUDGET COMPARATIVE FIGURES**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

### **REVENUE RECOGNITION**

Rates, grants, donations and other contributions are recognised as revenues when the Shire of Kojonup obtains control over the assets comprising the contributions.

Control over assets acquired from rates is obtained at the commencement of the rating period or, where earlier, upon receipt of the rates.

### **BUDGET TRENDS:**

The above graph shows the net budgeted results from operating, capital investment and financing through time. Ideally, the blue section would grow each year, and the green section would be below the line most years.

### **OPERATING SURPLUS RATIO:**

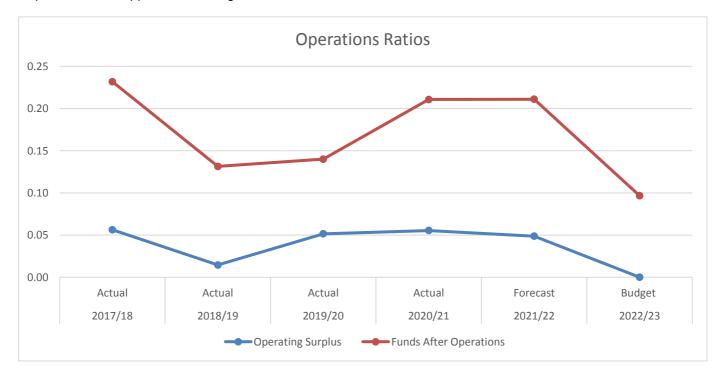

- Indicates the broad objective that an adjusted underlying surplus should be generated in the ordinary course of business.

- A ratio above 0 indicates an underlying surplus has been achieved. A surplus or increasing surplus suggests an improvement in the local government's overall operating position.

#### FUNDS AFTER OPERATIONS:

An indicator of the objective that the local government should generate a surplus of rate revenue plus untied grants after meeting operating outflows for the purpose of contributing to its capital program and financing activity.
Measured as a percentage of general funds provides an indication of the size of the surplus relevant to the local government's discretionary revenue.

- An increasing ratio over time suggests an improvement in the local government's overall capacity to fund capital acquisitions and support its financing activities.

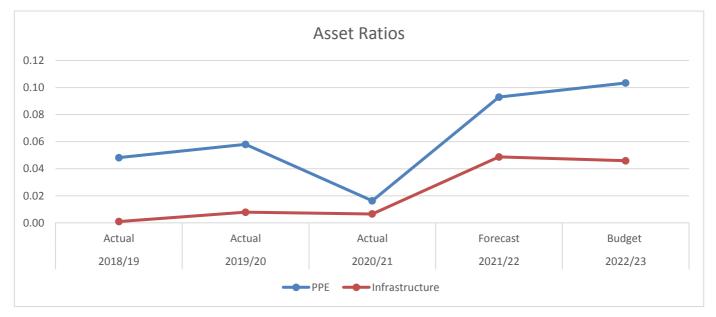

#### SHIRE OF KOJONUP

### **ASSET RATIOS:**

- An indicator of the objective that the value of local government fixed assets (after depreciation) should at least keep pace with inflation over time.

- Measured as percentage movement over one or more periods.

### CASH RESERVES:

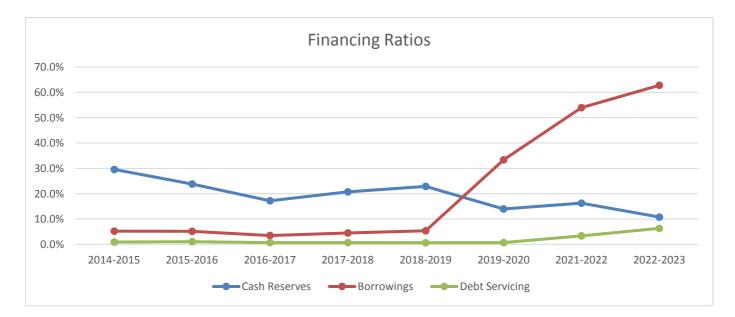

- An indicator of the level of cash reserves (minus Springhaven Lodge Bonds & Employee Leave) available to fund future activities. An increasing ratio suggests the local government has an improved overall capacity to fund capital acquisitions and support financing activities.

### **BORROWINGS:**

An indicator of the level of principal on past borrowings owed by the local government to external entities. An increasing ratio over time suggests the local government is using borrowings to fund capital acquisitions which will require repayment in future periods.

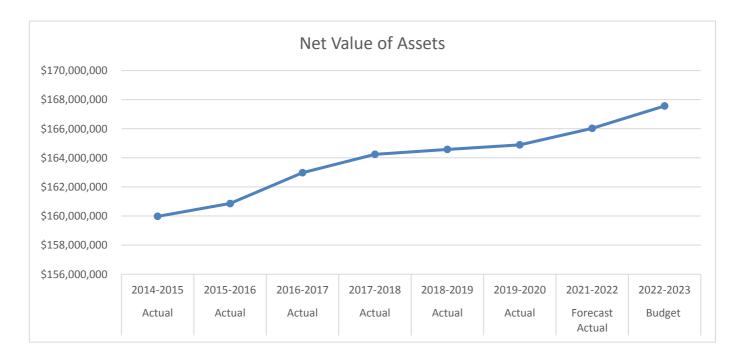

### **DEBT SERVICING:**

An indicator of the level of general annual obligation principal on past borrowings owed by the Shire to external entities. An increasing ratio over time suggests an increasing level of discretionary funds are being applied to the repayment of past borrowings and its associated interest.

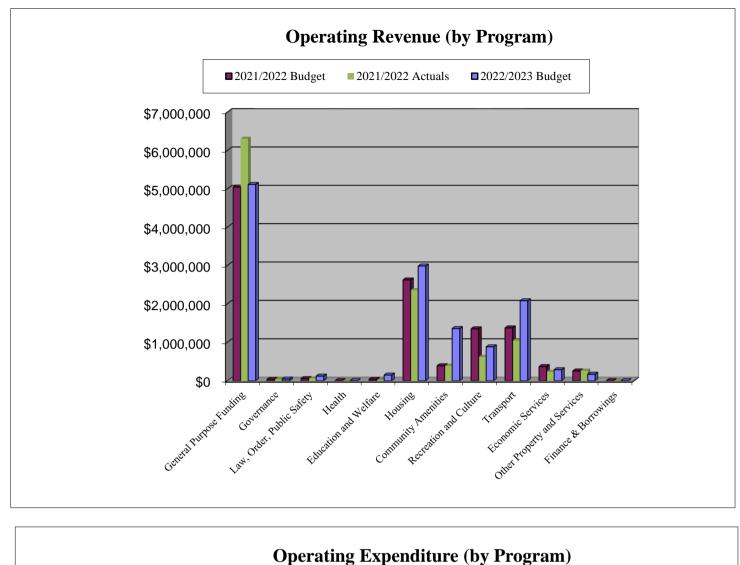

### NET VALUE OF ASSETS:

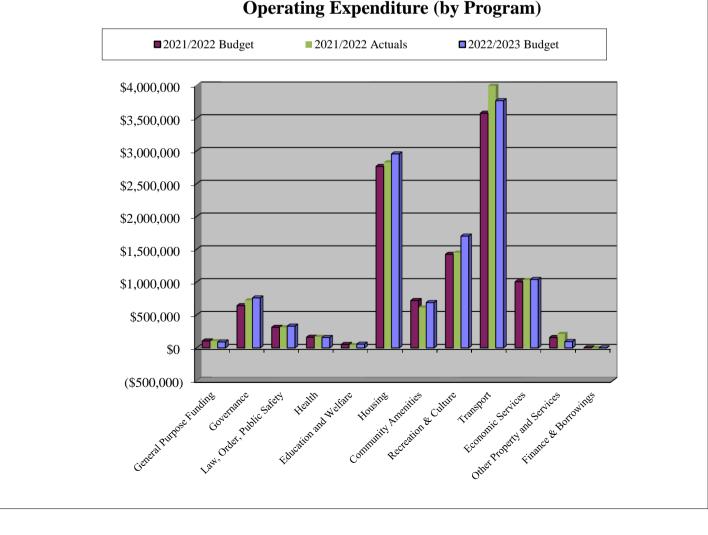

This ratio demonstrates whether the "value", or net worth, of the organisation" is increasing over time.
