Dear Kojonup Shire President and Councillors,

In view of the emotion and controversy that the "Moonies Hills Wind Farm Project" appears to be evoking within the community, we feel it would be prudent of Council not to make a hasty decision regarding the project.

A decision should only be made if and when Council are satisfied and they are in no doubt that there will be no negative impacts on

- The health and well being of nearby residents,
- The ecological and visual environment and
- Land values of properties

within the vicinity of the proposed project.

We urge Council to research the current issues surrounding Wind Farms, including those that have arisen in Victoria where a 2 kilometre buffer zone from neighbouring residents is in place.

Yours faithfully

Norma and Colin Ball
