## COUNCIL BRIEFS

What a hectic but pleasant month October has been within the Shire of Kojonup with Bloom Festival activities, Kojonup Show, Wandella Polocrosse, Theatrical Society production of Footrot Flats, Police Golf Day, Horse Power & Harness Display just to name a few events and activities.

Thank you to all Committees, Sponsors and volunteers who have made these events and activities possible.

November appears to be just as busy with Christmas fast approaching.

A big thank you to our residents for taking pride in our Town and surroundings as the fine weather has seen residents tending to their gardens or veggie patch along with the humming of whipper snippers and lawn mowers.

## NBN CHANGE-OVER

As indicated in the last issue of the Kojonup News, residents and businesses need to contact their telephone/internet provider to ensure that phone/security/other services are changed ASAP as failure to do so over the next 2 months may result in your present service being disconnected.

Telecommunication providers should have sent existing customer's reminders of the need to change so please don't leave notification to the last minute.

## KEVIN O'HALLORAN SWIMMING POOL

Contractors have also taken advantage of the prolonged period of fine weather to prepare and paint the pool prior to the official season opening late November 2018 which required 24 hour monitoring to ensure guaranteed curing. The end result of painting and previous drainage works will extend the effective life of the existing pool shell for another 10 -15 years providing some scope to set aside funds. Preliminary estimates to replace the 50 metre pool

shell is in the vicinity of \$3 million or the equivalent of \$200,000 per annum being set aside for 15 years. Council has included the swimming pool asset renewal/replacement in its Asset Management Plan and Long Term Financial Plan but realistically Council will need external grant assistance.

**BUILDING, HEALTH AND DEVELOPMENT APPROVALS**

Despite past notifications in the Kojonup News and ENews it is important that property owners whenever contemplating building works, additions or potential changes to the property or use that prior contact is made with Council to ascertain the extent of any planning, building or health requirements. Officers are pleased to assist you with your queries but once works have commenced there are various codes, regulations etc. that take precedence regardless of 'best intentions.'

**BULK HOUSEHOLD WASTE**

The 2018/19 budget does not provide for a verge side collection of bulk household items this year as volumes have reduced significantly over the past two years. Community members presently have access to weekly household bin collection and fortnightly recycling collection via contractor Warren Blackwood Waste. Residents with items such as steel, scrap metal, white goods and hard waste are encouraged to contact Matt at Warren Blackwood Waste to obtain a quote for the collection of same.

*Councillors and staff extend their sincerest condolences to family and friends of Chris Pratt, Meg Davies and Shirley McKenny.*

*Shire President  
Ronnie Fleay*

*Chief Executive Officer  
Rick Mitchell-Collins*

**Got a question for the Shire President or CEO? Want to liaise with Council?**

Community members are reminded that the Shire President is available for appointments every Wednesday morning from 10.00am until noon. Please make contact Lorraine Wyatt on (08) 98312408 to arrange an appointment.

**MyMarathon Heart Foundation Fundraiser**

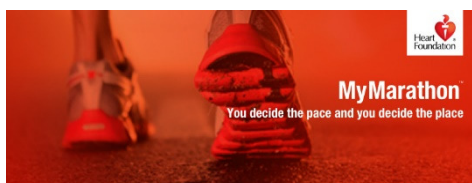

Staff at the Shire of Kojonup recently completed the MyMarathon 42km challenge during the month of October to raise money for the Heart Foundation.

A special congratulations goes to Jane Kowald and Rick Mitchell-Collins who headed the leader board for most donations received and completing the challenge early.

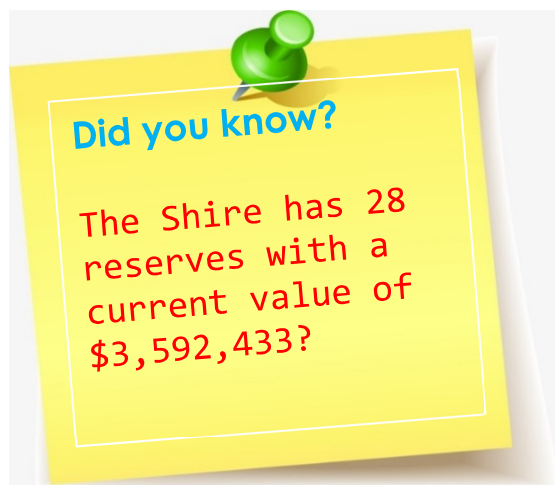

A combined total of \$709.74 was raised by all who participated. Well done everyone.

The Shire Administration Office will be closed temporary between the hours of:

**11.30am and 1.00pm  
Tuesday,  
6 November 2018**

## CORPORATE AND COMMUNITY SERVICES

## Pool Opening Soon!

The Kevin O'Halloran Memorial Swimming Pool is currently being repainted and will be open for the 2018/2019 season late November. The recent warm and fine weather has enabled contractors to undertake the required preparation work and painting on a dry pool surface which ensures the best possible paint finish. This repaint is not only making the pool look spectacular but is also very necessary for pool maintenance and asset longevity. Please keep an eye on the Shire's Facebook page for exact opening dates and times.

Pool entry fees remain unchanged this year and are as follows:

General Entry - \$3  
 Children 0 - 3 & Spectators - Free  
 Child & Seniors Season Pass - \$50 each  
 Adult Season Pass - \$75 each  
 Family (2 adults + 2 children under 16) - \$150  
 (additional Children \$10 per child)

Staff were treated to a surprise when they arrived to work at the Administration Office on Wednesday. Heather Marland and Lorreen Greeuw looked amazing in their Halloween costumes.

What a busy week.... Please join at the library for a delicious morning tea, guest speakers, a bit of fun & did I mention give-a-ways?

Many thanks to our community stores that have given us the door prizes and many give-a-ways for the day, it is truly appreciated.

Also a huge thank you to Barb for getting our morning tea organised, it certainly wouldn't have happened without your support bringing it all together.

## A Smart Start... Triple P. (Information Sessions)

Triple P is the parenting program that helps make raising kids easier. It gives you tips and ideas to help raise happy and confident kids; see more of the behaviours you like and less of the ones you don't; and have better relationships with your family.

A Massive thank you to *Billie Zadow* for taking the lead on these information sessions. Billie has generously shared her knowledge with 17 families in our district attending one or more of the sessions held at the Shire Reception Room.

To Kez and the wonderful staff of *Kojonup's Child Care Centre-Play & Learn* for supporting A Smart Start with the crèche for the mornings. Your standard of care certainly helped the mum's concentration knowing their children were in such nurturing care.

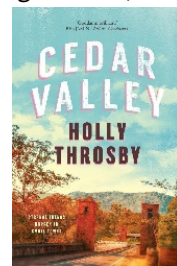

*Colleen*, our communities champion A Smart Start Co-ordinator, thank you so much, for gaining the grant to bring the sessions to Kojonup.

**Play in the Park** was held on Wednesday 24 October, at our APEX Park. A wonderful morning of activities with Jamie from the YMCA, Amity Health & Jen from Albany Regional Library.

## New Books to our Library

**Cedar Valley** – **Holly Throsby**; The kind of big-hearted, emotionally bruising story that reminds you why you love fiction... Goodwood is many things: a satisfying and conscientiously constructed mystery, an affectionate but clear-eyed portrait of a time and a place, and a darkly lovely coming of age story. But most of all, it's a complete revelation, the conjuring up of a sad, beautiful, indelible little world of its own! - *The Sydney Morning Herald*

The moving story of **Frieda von Richthofen**, wife of **D.H. Lawrence** - and the real-life inspiration for *Lady Chatterley's Lover*, a novel banned for more than 30 years. **Germany, 1907.** Frieda, daughter of aristocrat Baron von Richthofen, has rashly married English professor Ernest Weekley. Visiting her family in Munich, a city alive with new ideas of revolution and free love, and goaded by a toxic sibling rivalry with her sisters, Frieda embarks on a passionate affair that is her sensual and intellectual awakening. **England, 1912.**

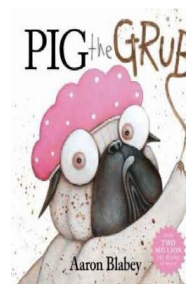

Trapped in her marriage to Ernest, Frieda meets the penniless but ambitious young writer **D.H. Lawrence**, a man whose creative energy answers her own needs. Their scandalous affair and tempestuous relationship unleashes a creative outpouring that will change the course of literature - and society - forever. But for Frieda, this fulfilment comes at a terrible personal cost.

Who was the real Lady Chatterley? A stunning novel of emotional intensity, *Frieda* tells the story of an extraordinary woman - and a notorious love affair that became synonymous with ideas of sexual freedom.

## Pig the Grub – Aaron Blabey:

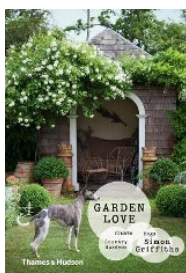

Eww! What a stinker! Pig isn't just the worlds greediest Pug, he's the DIRTIEST too. It's high time he had a bath! But try telling Pig that . . .

A fantastic picture book for the very young and possibly no age limit to enjoy story & illustrations.

## Garden Love: Plants, Dogs, Country Gardens -

**Simon Griffiths** has captured his favourite 20 country-style gardens and shared the knowledge he has gleaned from fellow garden lovers who have created a kind of secret gardening network. One where cuttings are exchanged between friends and planting successes and failures are recounted over neighbourhood fences

We are enjoying the time at 'Play Café' again this term. This week the children had lots of fun painting using different techniques.

## REGULATORY SERVICES

### ROOF CONVERSIONS

There are a number of reasons why people consider having their roof replaced. Under provisions in the Building Regulations 2012 there are exemptions from requiring a building permit for repair and maintenance works if done using materials commonly used for the same purpose as the materials being replaced and provided there is no increase in the floor area of the building. So where the current roofing materials is to be replaced with a similar material e.g. sheet for sheet or tile for tile, this will not necessarily require a building permit.

If the existing roof material is to be replaced with another material e.g. tile for sheet, asbestos for sheet, then structural implications need to be considered. Replacement materials include and are not limited to new roof battens (metal/timber sizes, spacings etc.) and specific tie down requirements depending upon the wind zone in which the works occur. In addition, at the time of replacing any roof material the installation of insulation and hard wired smoke alarms in accordance with the Building Code is required.

Whether works require a Building Permit to be issued or not; all works are required to comply with relevant Building Code, Australian Standards and manufacturer's specifications. Please note that if the property is listed in the

Municipal Inventory, then development approval will be required, prior to works being commenced.

Where the proper processes have not been followed there can be some key issues:

- The property may be considered not structurally sound
- Insurances may be impacted
- The newly installed roof sheeting and the roof frame may be blown off in a high wind event creating a safety risk for the occupants of the home and/or neighbours
- Failing to obtain the requisite Shire approvals can result in formal legal action and the need for retrospective approvals to be obtained
- Undertaking buildings works without a valid building permit can delay the property sale process

For more information, please contact the Shire's Development Services Coordinator, Michelle Dennis, on 9831 2424.
